## **Chaucer Million Makers Launch - The Real Monte Carlo**

Chaucer, the specialist Lloyd's insurance group, is proud to support its London Million Makers Team with the launch of their casino extravaganza event – The Real Monte Carlo.

The Chaucer Team has accepted the challenge of The Prince's Trust to help raise over £1m towards making a real difference to the lives of disadvantaged young people across the UK. Million Makers Teams across the UK compete to run the most profitable mini enterprise over the course of six months, with all funds raised going to The Trust.

Chaucer invites all who work in the Lloyd's market, both front and back office, including brokers, underwriters and companies that provide services to the market, to The Real Monte Carlo.

The evening has something for everyone including gambling with fun money, music, drinks and food, with a great range of prizes on offer and a charity auction. 100% of the profits raised will go to The Prince's Trust.

The Real Monte Carlo will be held at Plaisterers' Hall, One London Wall on Thursday 7 November, starting at 6.30pm.

Bob Stuchbery, Chief Executive Officer for Chaucer Syndicates, comments:

*"Chaucer is proud of its Prince's Trust Million Makers Team – hard at work turning their business ideas into profit for charity. I encourage you to come along and help support the team's sterling efforts at this not to be missed market event."*

Tickets are £60 each and include \$50 free fun money, a champagne reception and bowl food. ## **Note to editors**

### **About Million Makers**

Million Makers is a national competition where teams pitch their business plans to a Dragons' Den style panel, in order to secure an initial investment from The Prince's Trust.

Teams from companies and organisations across the UK then implement and promote their own mini enterprise. Aspiring Million Makers entrepreneurs must work together to turn seed funding into profit for The Prince's Trust over the course of six months, and compete against each other to run the most profitable mini enterprise.
